Aftermarket Product Waiver

I, _____, representing Company: _____ release J6D Inc. of any damage or liability that might occur on PO/Job: _____. I understand that I have supplied an aftermarket product that is not replaceable using normal wholesale routes. Therefore replacing any damaged garment(s) will be solely my responsibility. I have taken sole risk in taking an order with product supplied by my customer or supplied from a retail source. I will not ask for any discount or credit to my account on the product cost. I have read the broker guidelines and agree to them upon placing orders. I understand the exception regarding the risk of supplying aftermarket products.
